

TITUS®

CZECHOSLOVAK GROUP

is a holding company supporting the activities of Czech and Slovak defence and civilian industry companies. The group's members are traditional companies, whose products and services are often mutually interconnected, thus creating a strong synergic effect. The group's companies' portfolio includes military and special vehicles, all-terrain cargo trucks, weapons and weapon systems, ammunition, engineering products for automobile, railroad and aviation industry, as well as services, such as road transport service, including oversized goods transport. The group accents the export activities, which are supported by two trade companies, both being an organic part of the CZECHOSLOVAK GROUP.

TATRA TRUCKS

TATRA TAKES YOU FURTHER

TATRA brand is the third oldest automotive brand in the world with the 165 years history in production of transportation means. TATRA all-wheel-drive vehicles with unique chassis design based on a backbone tube and independent swinging half-axes with driveline from 4x4 up to 16x16 serve in peace-keeping missions and combat operations all around the world. TATRA trucks are mostly used as cargo/troop carriers, carriers of special superstructures for munitions, military electronics, radar systems and other sensitive materials and equipment. The chassis are used also for armoured vehicles like TITUS by NEXTER SYSTEMS or ASTROS by Brazilian Avibras. TATRA vehicles are successfully used also in firefighting and commercial segments. TATRA takes you further.

TRADITION IS THE FUTURE

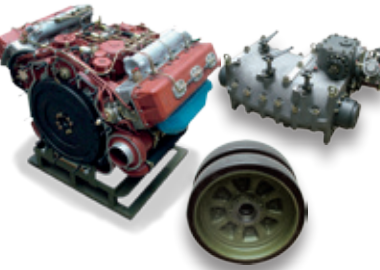

EXCALIBUR ARMY

EXCALIBUR ARMY has been established in 1995. Since then, the company became Czech No.1 reseller of heavy military vehicles, weapons, ammunition and other military equipment. At present time, the main focus of the company is in repairs and upgrades of tracked and wheeled military vehicles. The company operates a few production and storage facilities in the Czech Republic and also cooperates with partners in Slovakia. In 2015, the company entered a strategic partnership with General Dynamics to cooperate on a project of the PANDUR II 8x8 armoured vehicle with exclusive sales rights in Central Europe and other selected markets.
